Modern Psychometrics for the Healthcare Sector

Make it easy for your people to work well together and increase performance

Challenges we help you address

Healthcare teams operate in high -pressure environments where communication breakdowns, stress, and lack of self-awareness can impact patient care. C-me helps healthcare teams address:

- **Breakdowns in communication** leading to errors and inefficiencies.

- **High-stress environments** causing burnout and reduced team performance.

- **Lack of self-awareness** affecting collaboration and patient interactions.

The Benefits

- **Boost team cohesion with modern psychometrics**
  Give every team member insights into their own and others' strengths, weaknesses, and communication styles.

- **Improve patient care through better teamwork**
  C-me helps healthcare professionals understand and support each other, leading to smoother workflows and better patient outcomes.

- **Empower leaders to guide their teams under pressure**
  Healthcare teams face constant stress; C-me equips leaders with the tools to motivate, manage, and communicate effectively in high-pressure situations.

Where C-me delivers impact

Hit tight deadlines & deliver better service
Identify and apply the right skills and behaviours at the right time.

Improved patient interactions
Help staff adapt communication styles for better patient care.

Improved teamwork & leadership relationships
Create stronger, more aligned healthcare teams.

NHS

C-me has been a really useful tool; using them to not only develop our own self-awareness, but also learning how to communicate better as a team has been really invaluable.

Gil White, Service Manager, NHS Bristol
