Modern Psychometrics for Legal and Professional Services

Make it easy for your people to work well together and increase performance

Challenges we help you address

The legal and professional services sector demands precision, efficiency, and seamless collaboration under pressure. C-me helps firms address:

- **Lack of self-awareness** that leads to fractured working relationships.
- **Misunderstandings and conflicts** that slow down workflows and impact case management.
- **Slow and inefficient responses to change** due to ineffective change management plans.

The Benefits

- **Unite cross-functional teams**
  Establish a common language of colours to improve communication across cross-functional teams.
- **Focus on collaboration and results**
  Give every person insights into their impact on others. Help them explore their own and others' preferred working styles, to improve working culture and productivity.
- **Enhance client and stakeholder relationships**
  Enable professionals to flex their communication styles for stronger client and stakeholder interactions.

Where C-me delivers impact

Hit tight deadlines and deliver better service
Identify which behaviours are needed when, to bolster performance at the right time.

Better client and stakeholder interactions
Improve communication adaptability, helping legal professionals build stronger client and stakeholder relationships.
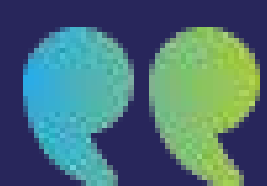

Encourage collaboration and better business
Address staff self-awareness to improve cross team relations and collaboration—driving team performance and better business.
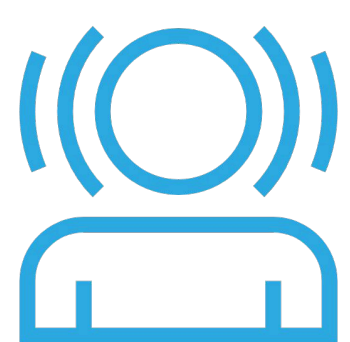

Burges Salmon

We pride ourselves on collaborating across departments, and C-Me allows us to enhance that process through a shared understanding of each other's working preferences.

Gavin Hooper, Learning And Development Specialist, Burges Salmon
